## PROFILE

Since 2010 in IT development, I started as a full-stack, migrate to a front-end developer. Always looking forward to my career, I expect to work with new technologies.

## EMPLOYMENT HISTORY

### Senior Front-end Developer at Unbabel, Lisbon

May 2019 — April 2020

Inside Unbabel, I work as being part of cross-functional teams, being responsible for the front-end aspect of the projects I work with it. Being part of these three teams:

1. Community: Responsible for resolve bugs in the platform and prepare a new one.
2. Glossary-Tools: Responsible for build the platform in the Vuejs framework.
3. FAQ: Responsible for a big migration of the editor platform, using vue+vuex+vue-test-utils.

### Front-end Developer at PrimeIT, Lisbon

March 2019 — May 2019

Front-end development in a migration old a legacy system inside the NOS Company. Used PHP, Vuejs.

### Front-end Developer at PDMFC, Lisbon

February 2019 — March 2019

Development of sites and systems for a public destined to Angola and Africa as mobile applications. These countries mostly have a very older device (user agent on their device) and with that fewer edge technologies.

### Front-end Developer at Warren - Fintech Startup, Porto Alegre, Brazil

September 2018 — January 2019

Develop layouts and system for a B2B branch of the main project of the company, started as a pilot of new technologies and new methodologies like agile strategy. Our squad was responsible for proof of concepts, validating since the tech chose for the application (VueJS with TypeScript), like the agile methodology that we migrate to the entire company.

### Front-end Developer at Dzigual Golinell, Florianópolis, SC, Brazil

June 2017 — September 2017

### Fullstack Developer at Ágora Entertraining, Itajaí, SC, Brazil

2017 — 2018

### Back-end Developer at GrupoW, Balneário Camboriú, SC, Brazil

December 2014 — September 2015

### WebDeveloper at H2K Agência Web, SC, Brazil, Brusque, SC, Brazil

May 2014 — November 2014

### FullStack Developer at Via Artistica, Balneário Camboriú, SC, Brazil

September 2011 — May 2012
